MESSAGE FROM COUNTRY MANAGER

Assalamualaikum Warahmatullah Wabarakatuh.

The past year has been one of immense challenges for Sri Lanka and its people. The ongoing economic crisis, rising food prices, and political instability have made life even more difficult, especially for the most vulnerable. Many families have struggled to afford basic necessities, pushing them further into hardship.

Despite these difficulties, GERSL has remained steadfast in its mission—standing alongside those in need and delivering critical support where it matters most. Our dedicated team has worked tirelessly, implementing creative and effective solutions to help vulnerable families navigate these challenging times. Their unwavering commitment has been a true source of hope and strength.

I am incredibly proud to share that in 2024, GERSL has positively impacted 200,230 lives across Sri Lanka, with a total of 392,849,181.11 LKR received in funding. This achievement is a testament to the mercy of Allah and the generosity of our valued donors and partners. Without your support, this level of impact would not have been possible.

One of GERSL's most significant milestones this year has been securing a transformational orphan village project, funded by One Nation UK. This is a major achievement that will provide a safe home, education, and support to 100 orphan children and 20 widows, In Sha Allah. This marks a new chapter in our efforts to create sustainable, long-term solutions for those in need.

Beyond transforming lives, I am also deeply pleased that our efforts contribute to strengthening Sri Lanka's economy by bringing foreign currency into the country. In times of economic uncertainty, securing international funding plays a vital role in supporting national stability and growth.

I extend my sincere gratitude to GER Head Quarters and our fellow country offices for their steadfast support and guidance in empowering GERSL's work in Sri Lanka. To our donors and partners—thank you for believing in our vision and for standing with us as we build a brighter and more resilient future. A special appreciation goes to our passionate GERSL team, whose relentless commitment drives every initiative forward. Your dedication continues to uplift the most vulnerable and create meaningful change. Finally, I express my heartfelt thanks to the board of directors, our supporters, and volunteers for their invaluable contributions and encouragement.

As we step into 2025, we look forward to embarking on even more impactful projects and milestones. Our goal is to expand long-term initiatives that focus on infrastructure development and livelihood opportunities, ensuring that communities can thrive independently, In Sha Allah. With your continued support and Allah's blessings, we believe that together, we can work towards a Sri Lanka free from poverty.

Your brother,
Thowfeek Muhammed Jarooq
Country Manager, GERSL

EXECUTIVE SUMMARY

The Annual Report for 2024 highlights the solid commitment and impactful achievements of Global Ehsan Relief–Sri Lanka (GER-SL) in its mission to uplift vulnerable communities across the nation. This year, GER-SL has made remarkable strides in addressing critical social challenges, fostering resilience, empowerment, and hope for a brighter future.

In 2024, GER-SL collaborated with 17 international partners, securing over 39 million LKR in funding to bring transformative change to communities across Sri Lanka. Our goal to expand this network to 25 partners and surpass 50 million LKR in funding demonstrates the growing trust and support from the global humanitarian community.

This year, GER-SL's services reached 18 out of Sri Lanka's 25 districts, providing vital aid to approximately 200,230 beneficiaries. Our key programs, including Care for Education, Care for Orphans, Care for Medical Support, Livelihood Development, Emergency Relief, Clean Water Access, Ramadan, and Qurban projects, have been instrumental in delivering essential support and creating sustainable opportunities for those in need.

Despite challenges such as the ongoing economic crisis, political transitions, and adverse weather conditions, GER-SL's dedicated team has consistently delivered under pressure, showcasing resilience and compassion. These adversities have only strengthened our resolve to serve those struggling to regain a sense of normalcy in their lives.

Our initiatives this year reflect a holistic approach to addressing the multifaceted needs of Sri Lankan communities. Our ambition for the coming year is to extend our reach to all 25 districts, aiming to touch the lives of over 300,000 individuals in need.

As we look to 2025, GER-SL remains steadfast in its vision of transforming lives through innovation, collaboration, and unwavering compassion. This report is not just a record of achievements; it is a testament to the shared commitment of our partners, donors, and team to create a more equitable and hopeful future for all Sri Lankans.

PROJECT AT GLANCE

All programs and projects carried out by GER-SL are designed not only to align with the organization's vision and mission but also to address global challenges as formalized in the UN's Sustainable Development Goals.

 1,980

Call to Action for Next Year (2025)

- ▶ Meals for education
- ▶ School buildings
- ▶ Library facilities
- ▶ Monthly scholarships to the university students

Aqeeqah

Aqeeqah is an Islamic tradition where a goat or sheep is sacrificed to celebrate the birth of a child. The goat meat was distributed to those in need, fostering community support and sharing blessings.

Through the program, 600 families received fresh and nutritious meat, many of whom rarely have access to such meals due to financial constraints.

This act of kindness not only fulfilled a religious obligation for the donors but also strengthened community bonds and uplifted the spirits of recipients.

What was delivered?

12 goats were slaughtered and 120 kg of meat was distributed.

Who benefitted from?

Low-income earners

Which regions covered in Sri Lanka?

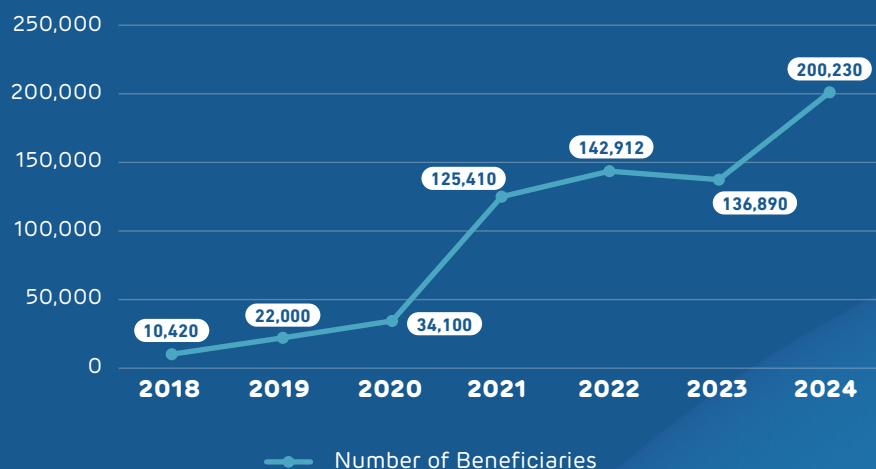

Trincomalee, Polonnaruwa, Vavuniya, Ampara, Matale, Anuradhapura, and Badulla

How many Beneficiaries?

 36,450

BENEFICIARY STORIES AND STATEMENTS

M.N.FATHIMA NAWAAL CARE FOR ORPHANS

Program : Care for Orphans
Support received : Orphan Sponsorship
Beneficiary ID : GER-SL-ORP-2020-B1-015
Address : Munaichenai, Kinniya, Trincomalee district.

Assalamu Alaikum Warahmatullahi Wabarakatuhu,

My name is Nawaal. It has been 15 years since my father passed away, and my mother has worked tirelessly to raise me since my childhood.

Three and a half years ago, I was introduced to Global Ehsan Relief, which has provided me with a monthly stipend for my educational needs.

I have used this support to purchase school supplies such as books and a school bag, as well as furniture and other study equipment for my home. Thanks to this organization, I was able to save a small amount of money, which I used to buy a bicycle to attend evening classes.

Out of 33 students in my class, I have consistently topped every exam. Global Ehsan Relief has played a significant role in this achievement, and I consider it a huge success in my life. I have not only excelled in academics but have also topped in extracurricular activities, winning numerous certificates and medals.

I truly believe that Global Ehsan Relief has been a fundamental reason for all of my success, and for that, I am extremely grateful.

FAMILY MOHAMED MUBARAK AND NEIGHBOURS

WASH

Program : Care for Clean Water
Support received : Community Well Construction
Address : Kinniya, Trincomalee District.

“ In the heart of Kinniya, Trincomalee, 5 families, including F. Mohamed Mubarak’s, faced the harsh reality of an inadequate water supply. For years, they struggled to secure clean drinking water, and their agricultural efforts were hampered by the scarcity of this essential resource. The absence of a reliable water source not only affected their health but also limited their ability to sustain livelihoods and thrive.

Through the "Care for Clean Water" program, GER-SL recognized the dire need for a sustainable solution. A community water well was constructed, offering these families a dependable supply of clean water. The impact of this initiative was immediate and profound. Mubarak, a key beneficiary, shared how the well has brought relief to their daily struggles, providing water for drinking, cooking, and irrigation.

This communal resource has fostered collaboration among the families, strengthening bonds and enhancing the quality of life for everyone involved. The well's presence has not only addressed their pressing water needs but also opened the door to agricultural opportunities, enabling them to grow coconut trees and secure a more stable income.

UMMU NONA

LIVELIHOOD AND INCOME GENERATING PROGRAM

Benefitted through: Livelihood Development Program
Support received: Traditional Food Production Equipment
Address: Bandaarawele, Badulla District, Sri Lanka.

Ummu Nona, a widow and the sole provider for her family, has long struggled to make ends meet. She supports not only her two sons but also her divorced daughter and her five-year-old grandchild. Together, Ummu Nona and her daughter manage a modest breakfast food business, selling items in front of their home. Despite their dedication and hard work, the business was burdened by daily financial constraints. Their income was immediately consumed by loan repayments for the raw materials they purchased each morning, leaving them with no savings and little ability to meet unexpected expenses or invest in growth.

The turning point came when Ummu Nona received food production equipment through the generous support of a donor facilitated by Muslim Aid Australia. This intervention proved transformative. With access to the equipment, Ummu Nona and her daughter were able to expand their production capabilities significantly. They diversified their menu, improved efficiency, and increased their daily output. The upgraded operations not only allowed them to attract more customers but also reduced their dependency on costly raw material loans.

As their earnings grew, the family's financial stability improved. Ummu Nona was able to cover her family's basic needs and begin saving for future expenses. Her daughter also gained a sense of empowerment and hope, knowing they were building a more secure future for their children.

Today, Ummu Nona's small business is thriving, thanks to the donor's support and the tools provided. What was once a daily struggle has become a source of pride and optimism.

The story of Ummu Nona and her family highlights the profound impact of equipping skilled individuals with the resources they need to unlock their potential and transform their lives.
