Annex A – Global Ehsan Relief Standard Indicator Bank

Purpose

This annex standardises activity, output, outcome, cost-effectiveness, and accountability indicators across Global Ehsan Relief (GER) programmes.

Indicators ensure consistency, comparability, and traceability of results, linking funds to tangible impact.

Projects will select relevant indicators based on Tier classification:

Tier 1: All activity, output, outcome, and cost indicators required.

Tier 2: Core activity and output + selected outcome indicators.

Tier 3: Minimum activity and output indicators.

Each indicator includes definition, calculation, disaggregation, and means of verification (MoV).

1. Orphan Sponsorship Programme

Type	Indicator	Definition / Formula	Disaggregation	Means of Verification (MoV)	Tier
Activity	# home or school visits conducted	Number of scheduled monitoring or follow-up visits completed in the reporting period	Country	Visit log, photo evidence	1–3
	# beneficiary orientation or guardian briefings held	Count of orientation sessions to explain programme support and accountability channels	Country	Attendance list, minutes	1–2
	% scheduled disbursements completed on time	$(\text{On-time payments} \div \text{total scheduled}) \times 100$	Country	Finance log	1–2
	# staff or volunteers trained on sponsorship MEAL	Participants completing training/orientation	Gender, country	Training attendance sheet	1–2
Output	# children sponsored	Total children receiving active sponsorship in reporting period	Gender, age-band, country	Sponsorship register, payment list	1–3
	% children receiving full support on time	$(\text{Children paid on time} \div \text{total children}) \times 100$	Country	Finance & remittance logs	1–2
Outcome	School attendance rate	$(\text{Children attending} \geq 90\% \text{ of school days} \div \text{eligible sponsored children}) \times 100$	Gender, country	School verification forms	1–2
	% guardians reporting improved well-being	$(\text{Guardians reporting improved food, shelter or education access} \div \text{total surveyed}) \times 100$	Gender of guardian, country	Post-support survey	1
Cost-Effectiveness	Cost per sponsored child	Total sponsorship expenditure $\div$ number of children supported	Country	Finance ledger, results summary	1
Accountability	% complaints resolved within SLA	$(\text{Complaints resolved within set timeframe} \div \text{total received}) \times 100$	Country	CFM register	1

2. Seasonal Relief (Food / Qurban / Winter Aid)

Type	Indicator	Definition / Formula	Disaggregation	MoV	Tier
Activity	# distribution events conducted	Total relief distribution activities completed	Country, season	Distribution log, photos	1–3
	% activities completed as per schedule	$(\text{Activities on time} \div \text{planned}) \times 100$	Country	Workplan tracker	1–2
	# staff/volunteers briefed on CFM and safeguarding	Individuals trained before distribution	Gender, country	Attendance sheet	1–2
	# community coordination meetings held	Meetings with local leaders to plan and validate beneficiary lists	Country	Meeting minutes	1–2
Output	# households reached with relief packages	Total households receiving food/qurban/winter items	Country, area type (urban/rural)	Distribution list, photos	1–3
	% target reached by campaign end	$(\text{Households reached} \div \text{target}) \times 100$	Country	Distribution tracker	1–2
Outcome	Beneficiary satisfaction score	Average rating (1–5) of quality & timeliness	Gender, location	Post-distribution survey	1–2
	% households reporting improved food security	$(\text{HHs reporting improved access} \div \text{surveyed}) \times 100$	Gender, HH type	Survey	1
Cost-Effectiveness	Cost per household served	Total intervention cost $\div$ households reached	Country	Finance ledger	1–2
Accountability	# feedback cases logged & addressed	Total complaints/suggestions resolved	Country	CFM log	1–2

3. WASH / Clean Water Projects

Type	Indicator	Definition / Formula	Disaggregation	MoV	Tier
Activity	# construction supervision or monitoring visits	Number of site visits conducted during implementation	Country, tech type	Visit log, photos	1–3
	# community consultations or orientation meetings	Sessions with beneficiaries on design, use, maintenance	Country	Meeting minutes	1–2
	# staff or contractors trained on quality standards	Participants trained in WASH construction standards	Gender, country	Training register	1–2
	% materials procured on time	$(\text{Items received before deadline} \div \text{planned}) \times 100$	Country	Procurement record	1–2
Output	# water points constructed/rehabilitated	Functional wells/hand-pumps/systems completed	Country, tech type	Completion report	1–3
	# beneficiaries with improved access to safe water	Estimated users per completed point $\times$ # points	Gender, location	Site verification	1–2
Outcome	% water points functional after 12 months	$(\text{Functional} \div \text{total}) \times 100$	Country	Maintenance records	1–2
	% samples passing quality test	$(\text{Samples meeting standard} \div \text{total}) \times 100$	Country	Lab results	1
Cost-Effectiveness	Cost per beneficiary served	Total WASH expenditure $\div$ users	Country	Finance summary	1–2
Accountability	# community committees trained on maintenance	Local maintenance committees trained and active	Country	Attendance sheets	1

4. Education Support

Type	Indicator	Definition / Formula	Disaggregation	MoV	Tier
Activity	# school visits or monitoring sessions conducted	Visits to schools to verify enrolment and attendance	Country	Visit log, photos	1–3
	# teacher or partner orientation sessions held	Meetings to explain project objectives and MEAL tools	Country	Meeting minutes	1–2
	# education support kits procured and pre-positioned	Procurement timeliness indicator	Country	Procurement records	1–2
	# staff trained on child-safeguarding in schools	Training sessions conducted	Gender, country	Attendance sheet	1–2
Output	# children receiving school kits/support	Total children supported during year	Gender, grade, country	Distribution list	1–3
Outcome	% children retained in school 12 months	$(\text{Still enrolled} \div \text{total supported}) \times 100$	Gender, grade	School records	1–2
	% improvement in test scores	$(\text{Endline} - \text{baseline}) \div \text{baseline} \times 100$	Gender, grade	Assessments	1
Cost-Effectiveness	Cost per child supported	Total programme cost $\div$ children reached	Country	Finance records	1–2
Accountability	# feedback cases resolved	Resolved $\div$ received $\times 100$	Country	CFM register	1

5. Livelihoods / Economic Empowerment

Type	Indicator	Definition / Formula	Disaggregation	MoV	Tier
Activity	# beneficiary training sessions conducted	Trainings on skills or business management	Gender, type	Attendance sheet	1–3
	# asset distribution events held	Livelihood asset distributions completed	Country	Distribution log	1–2
	% planned activities completed on schedule	$(\text{On-time activities} \div \text{planned}) \times 100$	Country	Workplan tracker	1–2
	# post-distribution follow-ups conducted	Monitoring visits after asset delivery	Country	Visit log	1–2
Output	# beneficiaries trained or supported	Individuals/HHs receiving assets or training	Gender, type	Distribution log	1–3
Outcome	% beneficiaries generating income post-support	$(\text{With income} \div \text{total supported}) \times 100$	Gender, type	Follow-up survey	1–2
	Avg % increase in household income	$(\text{Post} - \text{baseline}) \div \text{baseline} \times 100$	Gender, type	Survey	1
	% supported businesses active after 12 months	$(\text{Active} \div \text{total supported}) \times 100$	Gender of owner	Verification	1
Cost-Effectiveness	Cost per beneficiary supported	Total cost $\div$ beneficiaries	Country	Finance report	1–2
Accountability	% feedback cases resolved	$(\text{Resolved} \div \text{received}) \times 100$	Country	CFM register	1

6. Mosques / Waqf Projects

Type	Indicator	Definition / Formula	Disaggregation	MoV	Tier
Activity	# construction supervision visits	Monitoring visits during construction period	Country, type	Visit log	1–3
	# community consultation or handover meetings	Meetings with beneficiaries for handover and feedback	Country	Minutes, photos	1–2
	% materials procured on time	$(\text{On-time procurements} \div \text{planned}) \times 100$	Country	Procurement record	1–2
	# staff/partners trained on construction safety	Participants trained	Gender, country	Attendance sheet	1–2
Output	# mosques/waqf assets constructed or refurbished	Assets completed and handed over	Country, type	Completion certificate	1–3
	# community members using waqf asset	Estimated regular users per asset	Gender, location	Survey	1–2
Outcome	% assets functional after 12 months	$(\text{Functional} \div \text{total}) \times 100$	Country	Maintenance checklist	1–2
	% communities reporting improved access	$(\text{Communities responding "improved"} \div \text{surveyed}) \times 100$	Country	Survey	1
Cost-Effectiveness	Cost per asset	Total cost $\div$ assets completed	Country	Finance ledger	1–2
Accountability	# feedback cases resolved	Resolved $\div$ received $\times 100$	Country	CFM register	1

7. Refugee Relief / Emergency Response

Type	Indicator	Definition / Formula	Disaggregation	MoV	Tier
Activity	# rapid assessments conducted	Needs assessments completed before response	Country	Assessment forms	1–3
	# coordination meetings held with partners	Meetings with government/UN/NGOs	Country	Meeting minutes	1–2
	# distributions completed	Relief events delivered to refugees/IDPs	Country, relief type	Distribution log	1–3
	% staff trained in emergency standards	$(\text{Staff trained} \div \text{total}) \times 100$	Country	Attendance sheet	1–2
Output	# refugee HHs receiving relief assistance	HHs receiving support	Country, type	Distribution list	1–3
	% target HHs reached	$(\text{Reached} \div \text{target}) \times 100$	Country	Delivery log	1–2
Outcome	% HHs reporting improved living conditions	$(\text{"Improved"} \div \text{surveyed}) \times 100$	Gender, displacement type	Survey	1–2
	Beneficiary satisfaction score	Average rating (1–5)	Gender	Survey	1–2
Cost-Effectiveness	Cost per HH served	$\text{Total cost} \div \text{HHs served}$	Country	Finance records	1–2
Accountability	# complaints resolved within timeframe	$(\text{Resolved} \div \text{total}) \times 100$	Country	CFM log	1

Cross-cutting MEAL & Data Quality Indicators (apply to all programmes)

Type	Indicator	Definition / Formula	MoV
Data Quality	% records verified against source	$(\text{Verified} \div \text{total}) \times 100$	DQA checklist
Accountability	# feedback cases received and resolved	Totals by type (complaint/suggestion/praise)	CFM register
Safeguarding	# safeguarding incidents reported and addressed	Per safeguarding SOP	Safeguarding log
Learning	# projects with documented lessons learned	Count per reporting cycle	Lessons-learned template
Value for Money	VfM score (Economy, Efficiency, Effectiveness, Equity)	Scored 1–5 each	VfM checklist

Implementation Guidance

- **Selection:** Choose indicators proportional to Tier and donor requirements.
- **Consistency:** Use standard definitions across countries and partners.
- **Data quality:** Apply DQA checklist quarterly.
- **Disaggregation:** Capture gender, age, disability, and location where feasible.
- **Accountability:** Maintain active CFM; integrate feedback into learning cycles.
- **Funds-to-Results:** Always link expenditure with quantitative outputs or outcomes.

Annex B – Safeguarding & Data Protection Guidelines for MEAL

Purpose

To ensure that all Monitoring, Evaluation, Accountability and Learning (MEAL) activities protect the rights, safety, dignity, and privacy of all participants—especially children, women, and vulnerable groups—while maintaining data accuracy and ethical standards.

These guidelines complement Global Ehsan Relief’s **Safeguarding Policy** and **Data Protection Policy**, providing MEAL-specific instructions for implementation across all project tiers.

1. Core Principles

1. **Do No Harm** – MEAL activities must never endanger, stigmatise, or exploit participants.
2. **Informed Consent** – Participants must voluntarily agree to provide information or images, fully understanding the purpose and use.
3. **Confidentiality** – Personally identifiable information (PII) is protected from unauthorised access, sharing, or publication.
4. **Data Minimisation** – Collect only the information necessary for MEAL objectives.
5. **Transparency & Accountability** – Participants should know how their data will be used and who to contact with concerns.
6. **Integrity & Accuracy** – All data must be factual, verified, and free from manipulation.
7. **Equity & Respect** – All interactions must respect gender, cultural, and disability inclusion norms.

2. Safeguarding in MEAL Practice

Phase	Minimum Safeguarding Action	Tier 1	Tier 2	Tier 3
Planning	Include safeguarding risks and mitigation in MEAL Plan; ensure enumerator training	✓	✓	✓
Data Collection	Obtain informed consent (verbal/written); ensure privacy during interviews; avoid photographing minors without guardian consent	✓	✓	✓
Monitoring & Evaluation	Include safeguarding questions/checks; report incidents immediately via CFM safeguarding pathway	✓	✓	✓
Reporting	Use anonymised data; remove identifying details; secure media consent forms for all visuals	✓	✓	✓
Learning & Sharing	Vet stories/photos for consent; avoid any content that could expose beneficiaries	✓	✓	✓

3. Informed Consent Procedure

1. **Explain purpose** of data collection, use, and storage in simple, local language.
2. **State voluntariness** — participation is optional and non-conditional.
3. **Describe confidentiality** — how responses and photos will be protected.
4. **Document consent** — tick box, signature, or recorded verbal agreement.
5. **Allow withdrawal** — participants may retract consent at any time.

Special Rules

- For children (<18 years): consent must be obtained from parent/guardian *and* child (assent).
- For sensitive topics (income, gender-based violence, etc.): same-sex enumerators where possible; ensure privacy.

4. Data Protection Standards

Data Stage	Minimum Standard	Responsible
Collection	Use secure tools (e.g., Kobo, N3O, password-protected Excel). Avoid paper lists with PII in open view.	Field MEAL Officer
Transmission	Encrypt or password-protect files; share only with authorised staff.	Country MEAL FP
Storage	Store PII separately from analytical datasets. Restrict folder access (read/write by MEAL + Safeguarding only).	Country Director
Retention	Keep raw PII max 3 years (or donor requirement). Delete securely afterwards (digital wipe / shred hardcopy).	HQ MEAL
Publication	Remove names, photos, GPS tags before external sharing. Use ID codes only.	Communications + MEAL

5. Roles & Responsibilities

Role	Key Responsibilities
Enumerators / Field Staff	Obtain consent; ensure respectful, safe interactions; report any safeguarding concern immediately.
MEAL Focal Point (Country)	Verify compliance; maintain secure databases; conduct spot checks.

Role	Key Responsibilities
Safeguarding Focal Point	Receive safeguarding reports via CFM; coordinate investigation; ensure survivor-centred response.
Country Director	Oversee enforcement; ensure staff trained annually.
HQ MEAL Team	Provide templates, conduct DQA on safeguarding data; report compliance in MEAL reviews.

6. Reporting and Incident Response

- **Immediate Reporting:** Any safeguarding concern or data breach must be logged within **24 hours** using the CFM safeguarding pathway (Annex B).
- **Confidentiality:** Only the Safeguarding Focal Point and Country Director may access case details.
- **Follow-up:** Actions recorded in Safeguarding Log; outcomes shared (anonymised) in quarterly MEAL Accountability report.

7. Documentation & Templates

Tool	Purpose	Where Referenced
Consent Form Template (adult/child)	Records voluntary participation and media consent	Annex F-A
Enumerator Code of Conduct	Outlines expected behaviour during data collection	HR / Training
Safeguarding Incident Form	Captures incident details; links to CFM	Annex B CFM
Data Storage Register	Tracks files, access rights, retention/deletion dates	Annex F-B
Beneficiary Anonymisation Guide	Details acceptable photo/story usage	Annex F-C

8. Minimum Compliance Checklist

Requirement	Verified (Y/N)	Comments
Staff trained on safeguarding & data protection this year		
Consent forms properly completed and filed		
PII stored securely with restricted access		

Requirement**Verified (Y/N) Comments**

No identifiable photos shared without consent

Safeguarding incidents reported within 24 h

Quarterly CFM summary includes safeguarding cases

DQA sample included consent & data-protection checks

Review & Updates

This annex must be reviewed annually alongside the Safeguarding Policy and Data Protection Policy. Updates are approved by the HQ MEAL Lead and Safeguarding Manager.

Annexure C

Global Ehsan Relief - Project Proposal Form

A. Project Identification

Field	Details
Project Title	
GER Country/Region	
Implementing Partner(s)	
Proposed Start & End Date	
Total Project Budget (USD/GBP)	
Donor / Funding Source	
Project Tier	☐ Tier 1 (Comprehensive) ☐ Tier 2 (Moderate)
Sector/Theme (e.g., Education, WASH, Seasonal Relief)	
Project Lead / Manager	
MEAL Focal Point	

B. Executive Summary

*(Provide a concise overview of the entire proposal - maximum 250 words. This should be written last.)

- **The Problem:** Briefly describe the core issue this project addresses.
- **Our Solution:** Summarise the key activities and expected outcomes.
- **Key Beneficiaries:** Who and how many will we reach?
- **Overall Goal:** What long-term change do we hope to contribute to?

C. Project Justification

1. Problem Statement & Needs Assessment

(What is the specific problem? What evidence or data supports this? Reference any baseline surveys or community feedback.)

2. Project Rationale & Strategic Alignment

(Why should GER implement this project? How does it align with GER's country strategy, global mission, and the Sustainable Development Goals (SDGs)?)

D. Project Theory of Change

"If we... [carry out these activities], then... [these immediate changes will occur], which will lead to... [the desired long-term impact]."

Inputs	Activities	Outputs	Outcomes	Impact
What resources are needed? (funds, staff, materials)	What will we actually do?	What direct, tangible products/deliverables will result?	What short-term changes will occur for beneficiaries?	What is the long-term goal we are contributing to?
<i>e.g., £50,000 budget, project staff, training materials</i>	<i>e.g., Train 50 women in tailoring, Distribute 300 winter kits</i>	<i>e.g., 50 women complete training, 300 households receive kits</i>	<i>e.g., 70% of trained women report increased income, Beneficiaries report improved warmth</i>	<i>e.g., Improved economic resilience, Reduced vulnerability to extreme weather</i>

E. Results Framework: How We Measure Success

Level	What we want to achieve (from your Theory of Change)	Key Performance Indicators (<i>Select from Annex A</i>)	Baseline	End-of-Project Target	How we will collect data (Means of Verification)
Activities & Outputs	Deliver project services & products				
	<i>Example: Provide winter kits to vulnerable families</i>	# households reached with relief packages	0	300	Distribution lists, photos
Outcomes	The immediate change for beneficiaries				
	<i>Example: Improved warmth and protection from cold</i>	Beneficiary satisfaction score	N/A	4.5/5	Post-distribution survey
Impact	The long-term contribution				
	<i>Example: Reduced incidences of cold-related illness</i>	% households reporting improved health stability	TBD	80%	Endline survey

F. Target Beneficiaries

(Who are we directly and indirectly helping?)

Group	Male	Female	Children (<18)	People with Disabilities	Total
Direct Beneficiaries					
Indirect Beneficiaries					
Total					

Note: Explain the targeting criteria and how you will ensure inclusion of the most vulnerable.

G. Implementation Plan & Timeline

Key Activity / Milestone	Responsible Party	Start Date	End Date	Status / Remarks
<i>e.g., Beneficiary registration & verification</i>	Field Officers			
<i>e.g., Procurement of materials</i>	Logistics Manager			
<i>e.g., Distribution campaign</i>	Project Manager			
<i>e.g, post-distribution monitoring</i>	MEAL Officer			

H. Accountability & Safeguarding

Area	Our Approach
Community Feedback & Complaints (CFM)	How will beneficiaries give feedback or report problems? ☐ Hotline ☐ WhatsApp ☐ Complaint Boxes ☐ Community Meetings ☐ Other: _____
Safeguarding	Who is the Safeguarding Focal Point? Name: _____ Contact: _____ <i>All staff/partners will be trained on GER's Safeguarding Policy.</i>
Informed Consent & Data Protection	☐ We will obtain written/verbal consent for data and photos (using Annex K form). ☐ All Personally Identifiable Information (PII) will be stored securely with restricted access.

I. Risk Analysis

Potential Risk	Likelihood (L/M/H)	Impact (L/M/H)	Mitigation Measures
<i>e.g., Delays in supply chain</i>	M	H	Pre-position materials; identify backup suppliers.
<i>e.g., Inflation causing budget shortfall</i>	M	H	Include contingency line in budget; regular budget monitoring.
<i>e.g., Safeguarding incident</i>	L	H	Strict adherence to policy; immediate reporting procedures.

J. Monitoring, Evaluation & Learning (MEL) Plan

What we will monitor	How (Tool/Method)	How often	Who is responsible
Activity completion	Field visit reports, workplan tracker	Weekly/Monthly	Project Manager
Output delivery	Distribution lists, photos	After each activity	Field Staff
Outcome changes	Beneficiary surveys, FGDs	Mid-term & Endline	MEAL Focal Point
Feedback & Complaints	CFM Register	Continuously	MEAL Focal Point
Data Quality Checks	DQA Checklist	Quarterly (T1) / Semi-Annual (T2)	MEAL Focal Point

Learning Questions: What key lessons do we want to capture from this project? (e.g., "What is the most effective way to target the most vulnerable households?")

K. Budget Summary & Value for Money

Budget Category	Amount (USD/GBP)	Notes / Justification
Personnel		
Programme Supplies & Materials		
Logistics & Distribution		
MEAL Activities (___% of total)		<i>Essential for tracking and accountability</i>
Overheads & Admin		
Contingency		
TOTAL BUDGET		

Funds-to-Results Summary:

Main Outputs/Outcomes	Total Cost	# of Beneficiaries	Cost per Beneficiary
<i>e.g., Winter kits distributed</i>		300	
<i>e.g., Livelihood training completed</i>		50	
TOTAL / AVERAGE

Global Ehsan Relief - Tier 3 Project Proposal Form

(For Small-Scale, Seasonal, or One-Off Projects under £25k)

Project Title: _____

Today's Date: _____

Proposed Project Dates: From _____ to _____

1. Quick Project Snapshot

Field	Your Answer
Where is this project? (Village/Town/Region)	
What is the main problem you are solving? (1-2 sentences)	<i>e.g., "100 families affected by the recent flood lack warm clothing and blankets for winter."</i>
What is the main goal? (What will be better for people?)	<i>e.g., "To provide immediate warmth and protection to these families."</i>
What is the total budget needed? (USD/GBP)	
Who is the main person running this? (Field Lead)	

2. What Will We Do & For Whom?

A. Key Activities & Deliverables *(What will we actually do and give out?)*

What we will do	What we will deliver (Output)	How many? (Target)
<i>e.g., Distribute winter kits</i>	<i>e.g., Winter kits containing blankets and jackets</i>	<i>e.g., 100 kits</i>

B. Who Will We Help? *(Please provide estimated numbers)*

	Number of People
Women & Girls	
Men & Boys	
Children (under 18)	

People with Disabilities	
TOTAL Beneficiaries	

3. How We Know It Worked (Simple Monitoring)

What to check	How we will check it (Proof)
Did we deliver the items?	☐ Take photos of the distribution ☐ Keep a signed list of who received help
Were people satisfied?	☐ Talk to 5-10 beneficiaries after and note their feedback ☐ Use a simple thumbs up/down survey
Did we spend the money correctly?	☐ Keep all receipts and invoices

4. Keeping People Safe & Accountable

- ☐ We will explain the project to beneficiaries and get their verbal OK for photos.
- ☐ We will listen to any feedback or complaints and log them.
- ☐ We will follow GER's Safeguarding rules to protect everyone.

Safeguarding Focal Point for this project: _____

Phone/WhatsApp for feedback: _____

5. Simple Budget Plan

Item	Cost (USD/GBP)
<i>e.g., 100 blankets @ £10 each</i>	£1,000
<i>e.g., 100 jackets @ £15 each</i>	£1,500
<i>e.g., Transport for distribution</i>	£200
Contingency for unexpected costs (about 5%)	£135
TOTAL BUDGET	£2,835

6. Learning for Next Time

(To be filled out after the project)

- What worked well?**
- What would we do differently next time?**

B. Executive Summary

(Provide a concise overview of what was actually achieved - maximum 250 words.)

- **The Challenge:** What problem did we address?
- **Our Response:** What did we actually deliver?
- **Key Achievements:** What were our most significant results?
- **Overall Impact:** What change did we contribute to?

C. What Was Achieved vs. What Was Planned

	What We Planned	What We Actually Achieved	Variance & Reasons
Key Activities	<i>From Proposal Section D</i>	<i>What was actually done</i>	<i>Explain differences</i>
<i>Example: Train 50 women</i>	50 women trained	48 women trained	2 dropped out due to family reasons

Outputs Delivered	<i>From Proposal Section D</i>	<i>What was actually delivered</i>	<i>Explain differences</i>
<i>Example: Winter kits</i>	300 kits	310 kits	<i>Additional 10 kits donated by community partner</i>
Outcomes Achieved	<i>From Proposal Section D</i>	<i>Actual changes observed</i>	<i>Explain differences</i>
<i>Example: Increased income</i>	70% report increase	65% report increase	<i>Market conditions more challenging than anticipated</i>

D. Results Framework: Performance Against Targets

MEAL Activities				
Overheads				
Contingency				
TOTAL				

Final Funds-to-Results:

Main Outputs/Outcomes	Actual Cost	Actual Beneficiaries	Final Cost per Beneficiary
<i>e.g., Winter kits distributed</i>			
<i>e.g., Training completed</i>			
TOTAL / AVERAGE			

J. Key Lessons & Recommendations

What We Learned	Evidence for This Learning	Recommendation for Future Projects
What worked well?		
What would we do differently?		

K. Sustainability & Next Steps

- **Community Ownership:** How will benefits continue?
- **Partner Follow-up:** What ongoing support is planned?
- **GER Follow-up:** Any monitoring after project closure?
- **Scaling Potential:** Can this be replicated elsewhere?

L. Completion Sign-off

4.0 Monitoring Observations & Challenges

Document key observations on quality, context, and operational challenges.

Area Monitored	Findings & Observations	Impact on Programme	Recommendation / Mitigation
----------------	-------------------------	---------------------	-----------------------------

Quality of Delivery	<i>e.g., Materials are high quality; beneficiaries satisfied.</i>	Positive	Continue with current supplier
Contextual Challenges	<i>e.g., Heavy rains disrupted road access.</i>	Caused 1-week delay	Plan activities around forecast; identify alternative routes
Team & Partner Capacity	<i>e.g., Partner is efficient but needs more M&E training.</i>	Data submission is slow	Schedule a refresher training with HQ MEAL
Risks & Issues	<i>e.g., Rising food costs may affect next distribution.</i>	Potential budget shortfall	Discuss budget revision with HQ; explore local suppliers

5.0 Learning & Adaptation Record

Formally capture lessons learned and decisions to adapt programmes.

What was the learning or insight?	How was this identified? (e.g., Evaluation, Feedback, Observation)	What action will we take? (Adaptation)	Responsible Person	Deadline
<i>e.g., Pre-registering beneficiaries reduces queues and confusion during distribution.</i>	Observation from Eid distribution	Implement pre-registration for all future large distributions.	Programme Officer	Next distribution
<i>e.g., Community prefers mobile money over cash for transparency.</i>	Post-distribution feedback survey	Pilot mobile money transfers in one district next quarter.	MEAL & Programme Manager	Q3 2025
